CAMPUS WATCH

It's your campus - Protect it!

A truly safe campus can only be achieved through the cooperation of students, faculty and staff. As a member of the Chamberlain College of Nursing community, it is your responsibility to report a crime, suspicious activity or other emergencies on campus to the appropriate school official. Should you become a witness to or victim of a crime, immediately report the incident to local law enforcement officials, the Student Services office, or to the Campus President. All crimes will be investigated and when appropriate, brought to the attention of the Student Services office for disciplinary hearings.

Purpose of the Annual Disclosure Report

Chamberlain College of Nursing prepares this report to comply with the *Jeanne Clery Disclosure of Campus Security and Crime Statistics Act*. The full text of this document can also be found on the <http://chamberlain.edu/student-consumer-information> or by visiting your local Student Services office. This report was prepared with the assistance of local law enforcement agencies. Campus crime, arrest and referral statistics include those that were reported to local law enforcement and campus faculty and staff. This data may also include crimes that have occurred in private residences or businesses adjacent to the campus.

REPORTING CRIMES AND EMERGENCIES

When making your report of an incident you will be asked to provide the following information:

1. Description of the incident
2. Date, time and location of the incident
3. Description of the persons or vehicles involved in the incident
4. Detail regarding who was notified about the incident

Upon receipt of this report Chamberlain College of Nursing will determine the appropriate response, which could include disciplinary action against the offender(s), notification to local law enforcement, notification to the campus community or other public safety alternatives deemed appropriate given the circumstances. Please note that your identity may not be confidential when reporting an incident. Chamberlain College of Nursing does not have procedures for voluntary, confidential reporting of crimes.

Once each semester, Chamberlain College of Nursing will contact the Maryland Heights, MO police department and property management to monitor and record crimes that occur within the designated area surrounding the campus that have been reported to the local Police.

All Emergencies –Dial 911

ANNUAL SECURITY REPORT

Chamberlain College of Nursing will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the SIREN notification system, unless issuing a notification will, in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The Chamberlain College of Nursing will determine if there is a significant emergency or dangerous situation and what segment of the campus community will need to receive a notification.

Chamberlain College of Nursing will:

- Test emergency response and evacuation procedures on an annual basis
- Document each test, including the date, time, and whether it was announced or unannounced
- Publicize emergency response and evacuation procedures in conjunction with at least one test per calendar year

SIREN EMERGENCY ALERT SYSTEM

In the event of an emergency or a potentially dangerous threat to the campus or center arises, students, faculty and staff will receive timely notification via the SIREN system, on campus flyers, and/or email announcements. This includes any Clery Act crimes that are reported to the campus IC or local police and are considered to represent a serious or continuing threat to students, faculty, and staff. Please make sure to keep contact information updated in SIREN through the student portal at www.my.chamberlain.edu for students and the DVG Commons at <https://adfsapps.devry.edu/adfs/ls/?wa=wsignin1.0&wtrealm=https://cas.devry.edu:443/cas&App=thedevrycommons.com> for faculty and staff.

CAMPUS ACCESS, FACILITY SECURITY AND LAW ENFORCEMENT

The Chamberlain College of Nursing, St. Louis, MO Campus

The Summit Management Group and on campus Facilities department maintains the building and grounds with a concern for safety and security. Facilities staff inspect the facility regularly, promptly make repairs affecting safety and security hazards, and respond to reports of potential safety and security hazards such as broken windows, locks, etc. Students, faculty and staff can assist the Facilities staff by calling 314-991-6200 or 314-991-6214 to report concerns. Additionally, the Facilities Manager routinely inspects the grounds and building to review lighting and other environmental concerns for safety.

There are fire alarms and pull stations throughout the facility that should be used only in the event of an emergency. If an emergency requires evacuation, there are signs clearly posted throughout the building indicating the best routes for evacuation.

The building is generally open Monday through Thursday, 6:30 a.m. – 10:15 p.m.; Friday, 7:00 a.m. – 5:30 p.m.; Saturday, 7:00 a.m. to 5:00 p.m. and on Sunday 1:00 p.m. to 5:30 p.m. When the building is closed, it is locked and monitored by a security company. Access to classrooms and laboratories is limited to those enrolled in the courses meeting there. Access to on and off-campus activities is limited to actively enrolled students and their guests. Students are responsible for the behavior of their guests at all times at campus-arranged events. Chamberlain College of Nursing reserves the right to require that Chamberlain College of Nursing identification cards be presented for admittance to certain locations and events. Chamberlain College of Nursing may also require students to register their guests with Student Services prior to attendance. Student, faculty and staff identification cards should be worn at all times.

The on-duty security officer serves as an escort and on-campus security Monday through Thursday, 6:30 a.m. to 10:15 p.m.; Friday, 7:00 a.m. to 5:30 p.m.; Saturday, 7:00 a.m. – 5:00 p.m. and Sunday 1:00 p.m. – 5:30 p.m.. The security officer must be called to respond to emergencies and can be contacted at 314-625-1562. The security officer has the authority to ask questions and request identification at any time. Criminal incidents will be referred to local law enforcement.

All crime victims and witnesses are strongly encouraged to report incidents to both campus security and local police. Prompt reporting will ensure timely warning notices to the campus community and timely disclosure of crime statistics.

Students living in off-campus student housing facilities should check with the apartment landlord for specific safety and security measures at their complex. Although most complexes provide keys for individuals and restrict access to apartments, the level of additional security varies from complex to complex. Crimes committed at off-campus housing should be immediately reported to the Police department with jurisdiction over the complex and as soon as reasonably possible to the Student Services office.

The campus security department maintains a policy concerning the monitoring and recording, through local police departments, of criminal activity in which students engaged at off-campus locations of student organizations officially recognized by the institution, including student organizations with off-campus housing facilities.

SEXUAL OFFENSE AWARENESS

Definitions

Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Domestic violence is defined as felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim; by a person with whom the victim shares a child in common; by a person who is cohabitating with, or has cohabitated with, the victim as a spouse or intimate partner; by a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred; by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Rape is defined as penetration, no matter how slight, of the vagina or anus, with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim.

Sexual assault is defined as any sexual act directed against another person, without consent of the victim, including instances where the victim is incapable of giving consent.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to: fear for his/her safety or the safety of others; or suffer substantial emotional distress.

Procedures to Follow After an Assault

Victims of a sexual assault or rape are strongly encouraged to report the incident in order to deter these assaults and to ensure that victims receive the services they need. Steps should be taken to help deal with the physical and emotional trauma:

1. Go to a safe place; go somewhere to receive emotional support.
2. Report a sexual assault on campus to the Dean of Student Affairs or local leadership.
3. Report the assault to the police. If requested, Chamberlain College of Nursing will assist with notification.
4. Preserve all physical evidence. Do not shower, bathe or douche and save the clothing worn.
5. Go to the hospital for medical care. Injuries should be treated and an examination completed to document and collect physical evidence of the assault. Chamberlain College of Nursing will assist with transportation if necessary.
6. Seek professional counseling. This can help in the recovery from the psychological effects of the assault.

Please refer to the *Resources for Victims of Sexual Assault* section of this document for a list of local resources that will provide immediate advice and assistance to victims of sexual assault or rape.

Victims of a sexual assault or rape may request a change in their academic arrangements by contacting their Manager of Student Services. Changes will be made if feasible and reasonable to do so.

All reports filed with Chamberlain College of Nursing will remain confidential. Staff and faculty should report any on-campus sexual offenses to the Manager of Student Services and the proper authorities.

Disciplinary Action

Disciplinary procedures and sanctions as outlined in the Student Code of Conduct will be followed once charges are brought after an alleged sexual assault. Both the accuser and the accused are entitled to the same opportunities to have others present during a disciplinary hearing. Both the accuser, upon his/her written request, and the accused, of a crime of violence or a non-forcible sex offense, will be informed of the results of any disciplinary proceedings conducted as a result of an alleged sexual assault.

Sexual Offense Awareness

Additional information regarding Chamberlain College of Nursing's programs to prevent an incident, as well as the procedures to follow once an incident occurs (which includes a standard of evidence that will be used during any institutional conduct proceeding arising from such a report), of domestic violence, dating violence, sexual assault, or stalking can be found in Chamberlain College of Nursing's Sex and Gender-Based Misconduct Response and Prevention Policy found at <http://chamberlain.edu/student-consumer-information>.

CAMPUS SEX CRIMES PREVENTION ACT

The Campus Sex Crimes Prevention Act requires sex offenders already required to register in a State to provide notice, as required under State law, to each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student. The act requires that state procedures ensure this registration information is promptly made available to law enforcement agencies with jurisdiction where the institutions of higher education are located and that it is entered into appropriate state records or data systems. These changes became effective two years after enactment of the law (2002).

This act amends the Higher Education Act of 1965 to require institutions of higher education to issue a statement, in addition to other disclosures required under that Act, advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. This change takes effect two years after enactment (2002).

This act amends the Family Educational Rights and Privacy Act of 1974 to clarify that nothing in that Act may be construed to prohibit an educational institution from disclosing information provided to the institution concerning registered sex offenders; requires the Secretary of Education to take appropriate steps to notify educational institutions that disclosure of this information is permitted.

To check registered sex offenders in a state see the State Sexual Offender Registry List section.

Under Missouri drug laws, substances classified as Schedule I are considered to have a "high potential for abuse", and "no accepted medical use" or "lacks accepted safety for use in treatment under medical supervision" (Missouri Drug Regulations, Ch 195, Section 17). Examples of schedule I drugs include heroin & marijuana. Substances classified as Schedule II are also considered to have a "high potential for abuse", but and also "has currently accepted medical use in treatment" and, "abuse of the substance may lead to severe psychic or physical dependence" (Missouri Drug Regulations, Ch 195, Section 17). Examples of schedule II drugs include cocaine, amphetamines, & meth.

Drug Law in Missouri 195.244

1. It is unlawful for any person to place in any newspaper, magazine, handbill, or other publication any advertisement, knowing, or under circumstances where one reasonably should know, that the purpose of the advertisement, in whole or in part, is to promote the sale of objects designed or intended for use as drug paraphernalia.
2. It is unlawful for any person to place in any newspaper, magazine, handbill, or other publication, or to post or distribute in any public place, any advertisement or solicitation with reasonable knowledge that the purpose of the advertisement or solicitation is to promote the distribution of imitation controlled substances.
3. Any person who violates this section is guilty of a class B misdemeanor. (L. 1989 S.B. 215 & 58)

Alcohol: Missouri's Liquor Control Law makes it illegal, among other things, for a person under the age of 21 years to purchase, attempt to purchase, or possess any intoxicating liquor (R.S.Mo. Section 311.325). Violation of this provision can result in a fine between \$50 and \$1000 and/or imprisonment for a maximum term of one year. County and municipality ordinances contain similar prohibitions and sanctions.

Drinking age

Missouri's drinking age has been 21 since 1945. That is, Missouri law prohibits minors from possessing or purchasing alcohol. Thus, when the National Minimum Drinking Age Act of 1984 came into effect on January 1, 1985, Missouri was in no danger of losing federal highway funds.

A minor in possession (MIP) of alcohol or a business or person which furnishes alcohol to a minor is guilty of a misdemeanor, although for sellers there are numerous defenses and exceptions. Missouri is one of six states, however, with a unique exception which allows a minor to be furnished alcohol by his or her parent or guardian. Of course, if a parent or guardian purposefully intoxicated his or her child, it would be a form of child abuse. Rather, this sort of law allows parents to let their children have a small amount of liquor with a meal, at social gatherings, in religious services, or otherwise use alcohol in moderation. Additionally, although Missouri prohibits minors from possessing or purchasing alcohol, it is one of twenty states (and the District of Columbia) which have no specific law prohibiting the consumption of alcohol by minors.

In 2005, though, the Missouri General Assembly amended the Liquor Control Law to prohibit any minor from having a blood alcohol level higher than .02%. This new law has been referred to as "Possession by Consumption". It remains unclear how the provision permitting family consumption, the lack of a specific consumption prohibition, and the new "minor under the influence" law will work together.

Special expungement for MIP

Since 2005, Missouri law has had a special method of expungement for a person who pleaded guilty to or was convicted of being a minor in possession of alcohol one time in Missouri. If more than a year has passed since the charge was disposed of or the person turns twenty-one, whichever is earlier, and the person has had no other

MIP expungements and has had no other alcohol-related law enforcement contacts (like drunk driving or violating the terms of a liquor license), then all records of the case can be completely deleted upon proper application to the Circuit Court of the county in which the person was charged.[66]

Fake ID

In Missouri, it is a misdemeanor punishable by up to a \$500 fine for a person under 21 to represent by virtue of displaying a fake ID that he or she is over 21 for the purposes of purchasing or possessing alcohol. Additionally, it constitutes a separate misdemeanor under the Liquor Control Law if the minor reproduced or altered the ID himself, punishable by up to one year in prison[69] and/or a fine of up to \$1,000.

The forgery of an identity document is a separate felony in Missouri, punishable by up to seven years in prison and/or a fine of up to \$5,000 (or if financial gain was made, up to the amount of that financial gain). Possession of forgery instruments also is a felony with the same prospective punishments as that of ordinary forgery

FEDERAL

Federal law penalizes the unlawful manufacturing, distribution, use, sale, and possession of controlled substances. The penalties vary based on many factors, including the type and amount of the drug involved, and whether there is intent to distribute. Federal law sets penalties for first offenses ranging from less than one year to life imprisonment and/or fines up to \$10 million. Penalties may include forfeiture of property, including vehicles used to possess, transport, or conceal a controlled substance; the denial of professional licenses or Federal benefits, such as student loans, grants, and contracts; successful completion of a drug treatment program; community service; and ineligibility to receive or purchase a firearm. Federal law holds that any person who distributes, possesses with intent to distribute, or manufactures a controlled substance on or within one thousand feet of an educational facility is subject to a doubling of the applicable maximum punishments and fines. See the Federal Controlled Substances Act at 21 USC 800.

STUDENT RIGHTS UNDER FERPA

(The Family Educational Rights and Privacy Act)

Chamberlain College of Nursing respects the rights and privacy of its students and acknowledge the responsibility to maintain confidentiality of personally identifiable information.

FERPA is a federal law that affords students the following rights with respect to their education records:

1. **THE RIGHT TO INSPECT AND REVIEW THE STUDENT'S EDUCATION RECORDS**

Students have the right to review their education records within 45 days of the day the institution receives their request. Students should submit to the registrar, dean, or head of the academic department written requests that identify the record(s) they wish to inspect. The institution official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the official to whom the request is submitted does not maintain the records, that official will advise the student of the correct official to whom the request should be addressed.

2. **THE RIGHT TO SEEK AN AMENDMENT OF INACCURATE OR MISLEADING INFORMATION**

Students may ask the institution to amend a record that they believe is inaccurate or misleading. They should write to the official responsible for the record, clearly identify the part of the record they believe should be changed and specify why it is inaccurate or misleading. If the institution decides not to amend the record as requested by the student, the student will be notified of the decision and advised of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when they are notified of the right to a hearing. Following the hearing, if the institution still decides not to amend the record, the student has a right to place a clarifying statement in the record. The institution is not required to consider requests for amendment to grades or disciplinary decisions.

3. **THE RIGHT TO LIMIT DISCLOSURE OF PERSONALLY IDENTIFIABLE INFORMATION**

Students have the right to consent to disclosure of personally identifiable information contained in their educational records, except to the extent that FERPA authorizes disclosure without consent. An exception that permits disclosure without consent is disclosure to school officials who have legitimate educational interests, and the disclosure of directory information. Directory information is not considered to be harmful or an invasion of privacy if disclosed. See additional information on next page.

4. THE RIGHT TO FILE A COMPLAINT WITH THE U.S. DEPARTMENT OF EDUCATION IF THE INSTITUTION FAILS TO COMPLY WITH FERPA REQUIREMENTS

Complaints should be directed to:

Family Policy Compliance Office
U.S. Department of Education
400 Maryland Avenue, SW
Washington, DC 20202-4605

DIRECTORY INFORMATION

The Family Educational Rights and Privacy Act (FERPA) designates certain student information as “Directory Information” and gives the institution the right to disclose such information without having to ask students’ permission. The items listed below as “Directory Information” may be released for any purpose at the discretion of the institution. Under the provisions of FERPA, students have the right to withhold the disclosure of any or all of the categories of information listed below. **The following information will be released unless students specifically request that their information be withheld:**

- **Directory Information:** Name, address, telephone number, email address, date and place of birth, dates of attendance, previous institution(s) attended, major field of study (program), enrollment status, degrees and awards, past and present participation in officially recognized activities.
- **Career Services:** Students approaching graduation and working with career services staff on career planning, job interviewing and resume preparation authorize release of the following records for a period of fifteen months after graduation: the resume, identifying data, academic work completed, immigration status (if applicable), and authorize career services to verify information graduates provide regarding their employment. At no time is compensation information released or published.

To Withhold Information

To have directory or career services information withheld, students must submit a written request to the Registrar. Once filed, this request becomes a permanent part of the student’s record and no information may be released until the student instructs the institution otherwise.
