	<u>Credits</u>																																																						
Session A:																																																							
BIOS-250A: Anatomy & Physiology I	2																																																						
MATH-114: Algebra for College Students	4																																																						
Session B:																																																							
BIOS-250B: Anatomy and Physiology I with Lab	2																																																						
ENGL-112: Composition	4																																																						
Semester Hours: 12 Credits (GE=12, N=0)																																																							
	<u>Credits</u>																																																						
Session A:																																																							
NR-120: Fundamentals of Nursing (T=2)	2																																																						
BIOS-254A: Anatomy & Physiology II with Lab	2																																																						
SPCH-277: Interpersonal Communication	3																																																						
Session B:																																																							
NR-122: Nursing Skills (Required skills validation) (T=2, L=1)	3																																																						
BIOS-254B: Anatomy & Physiology II with Lab	2																																																						
Semester Hours: 12 Credits (GE=7, N=5)																																																							
	<u>Credits</u>																																																						
Session A:																																																							
NR-130: Pharmacology for Nurses	3																																																						
NR-140: Nursing Concepts and Patient Care I (T=1, C=1)	2																																																						
BIOS-270A: Foundations of Microbiology/Chemistry with Lab	2																																																						
Session B:																																																							
NR-142: Nursing Concepts and Patient Care II (T=2, C=1)	3																																																						
BIOS-270B: Microbiology/Chemistry	2																																																						
Semester Hours: 12 Credits (GE=4, N=8)

	<u>Credits</u>																																																						
Session A:																																																							
NR-250: Adult Health I (T=3, C=2)	5																																																						
BIOS-280A: Pathophysiology	2																																																						
Session B:																																																							
NR-252: Adult Health II (T=2, C=2)	4																																																						
BIOS-280B: Pathophysiology	1																																																						
Semester Hours: 12 Credits (GE=3, N=9)																																																							
	<u>Credits</u>																																																						
Session A:																																																							
NR-260: Nursing Care of Children (T=2, C=1)	3																																																						
SOCS-185: Culture and Society	3																																																						
Session B:																																																							
NR-262: Maternal-Child Nursing (T=2, C=1)	3																																																						
Humanities Elective	3																																																						
Semester Hours: 12 Credits (GE=6, N=6)																																																							
	<u>Credits</u>																																																						
Session A:																																																							
NR-284: Mental Health Nursing (T=2, C=1)	3																																																						
PSYC-285: Developmental Psychology	3																																																						
Session B:																																																							
NR-285: Multi-system Nursing Care (T=2, C=1)	3																																																						
NR-290: Management Concepts Applied to Nursing (T=3)	3																																																						
Semester Hours: 12 Credits (GE=3, N=9)																																																							
<p>Semester=16 Weeks; Session A or Session B=8 Weeks. GE=general education; N=nursing major; T=theory; C=clinical (direct patient care) A minimum of 72 credit hours is needed for the ADN degree; 35 general education with 37 nursing. General education courses are offered by DeVry University. Sample curriculum plans are subject to change without prior notice.</p>
