UNIVERSITY

# Employment Outcome Disclosures

**Current Data Effective: 06/04/2019**

The following Employment Outcome Disclosures detail Chamberlain University's employment rates and other employment outcomes over the last 12 months. This data fulfills state and/or accreditor requirements, including methodology, timeframes and associated sources of information. Relevant definitions, methodologies and timeframes will vary by state/accreditor.

Chamberlain University Employment Outcome Disclosures provide information about Chamberlain University and its degree programs. Individual employment results will vary based on where you live and your individual situation and experience. The disclosure information is intended to help you evaluate Chamberlain University and its degree programs as you make academic and career choices.

## Data Sources

- Attempts were made to obtain employment status information from all graduates
- The collected data includes, but is not limited to:
  - Intent to work in a field-related position
  - Graduate's start date, title, employer name, duties, hours worked per week and earnings
- Information was gathered through a variety of sources, primarily forms completed by graduates
  - Data may have also been collected through in-person, phone or email interviews
- Chamberlain University neither verifies nor guarantees the accuracy of information gathered by graduates

## EMPLOYMENT OUTCOMES REPORTED TO ACCREDITORS

### AMERICAN ASSOCIATION OF COLLEGES OF NURSING (AACN)

These outcomes were reported to AACN in October 2018 based on information available to Chamberlain University at the time.

#### DEFINITIONS

Employment counts include all graduates who obtained new employment.

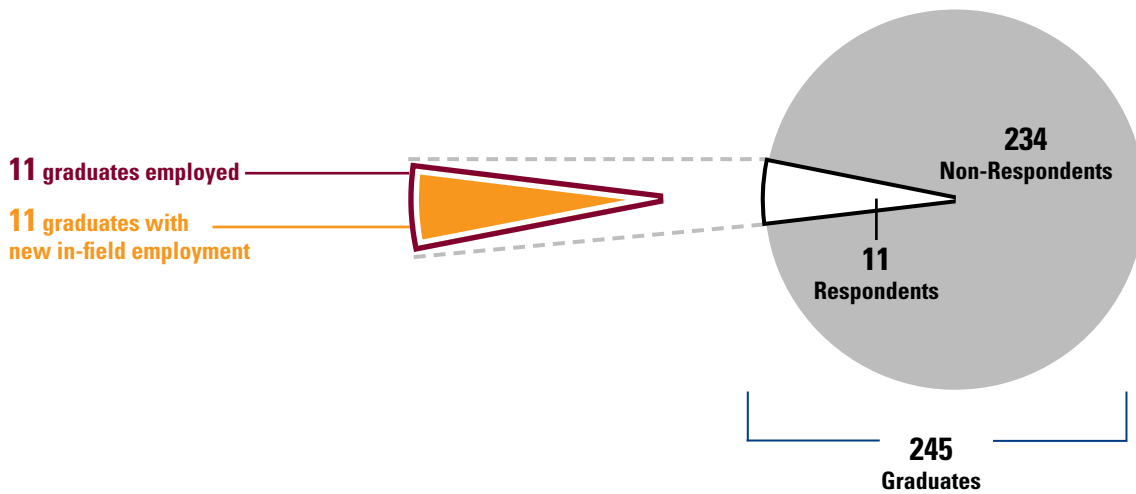

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- AACN requires only summary data for graduates
- Data was reported for all DNP students who graduated between August 1, 2017 and July 31, 2018
- Employment counts include all graduates who obtained new employment.

Chamberlain University is required to report employment data to American Association of Colleges of Nursing (AACN). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### Doctor of Nursing Practice (DNP) – Online

Graduates	Respondents	Non-Respondents	Employed Graduates	Graduates with New In-Field Employment
245	11	234	11	11

## EMPLOYMENT OUTCOMES REPORTED TO ACCREDITORS

### COMMISSION ON COLLEGIATE NURSING EDUCATION (CCNE)

These outcomes were reported to CCNE in December 2018 based on information available to Chamberlain University at the time.

#### DEFINITIONS

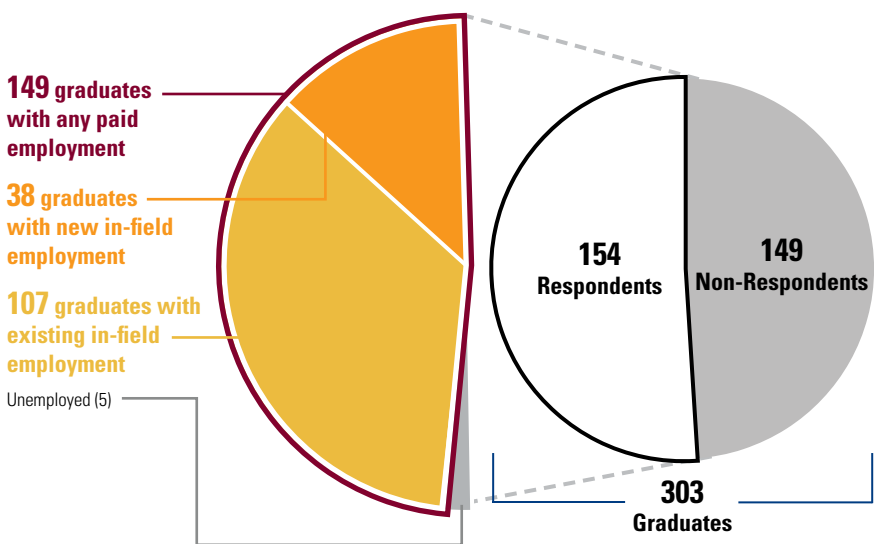

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- Employment rates were calculated:
  - According to the methodology prescribed by CCNE
  - By calendar year for all graduates between January 1, 2015 - December 31, 2017
  - By dividing the rate numerator by the rate denominator as defined below
- **Rate numerator** – all graduates from the calendar year who reported employment in any paid position, new or existing, within 12 months of graduation
- Two rates were provided to CCNE – a primary rate and a secondary rate, each with a different denominator:
  - **Primary denominator** – all graduates within the calendar year
  - **Secondary denominator** – excludes graduates who did not respond to the alumni survey and those who were not employed due to:
    - Continuing education
    - International status and ineligible to work
    - Medical or personal issues
    - Fulfilling national service
    - Pending licensure
    - Refused employment for other reasons

Chamberlain University is required to report employment data to Commission on Collegiate Nursing Education (CCNE). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### 2017 Doctor of Nursing Practice (DNP) – Online

**97%** Available graduates employed within 12 months

**49%** All graduates employed within 12 months

**13%** 2016 graduate employment rate when counting only new in-field employment obtained no earlier than six months prior to graduation

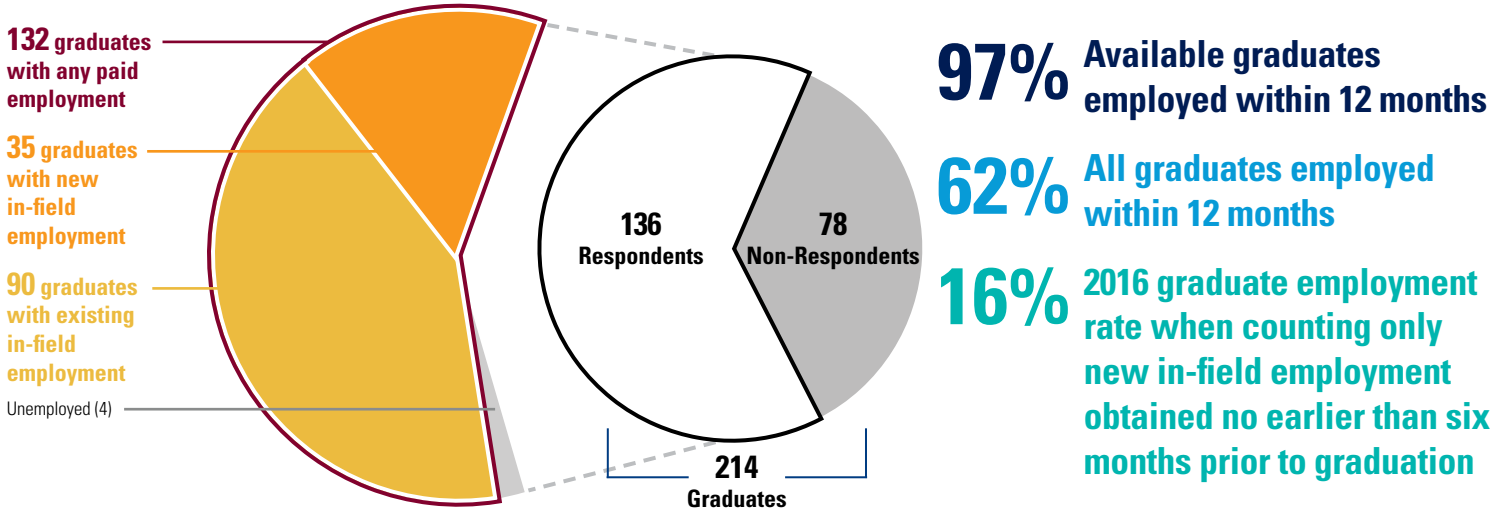

Graduates	Respondents	Non-Respondents	Any Paid Employment within 12 Months	Graduates with Existing In-Field Employment	Graduates with New In-Field Employment	Continuing Education	Unemployed	Respondents Employed Within 12 Months	All Graduates Employed Within 12 Months

## EMPLOYMENT OUTCOMES REPORTED TO ACCREDITORS

### THE NATIONAL LEAGUE FOR NURSING COMMISSION FOR NURSING ACCREDITATION (CNEA)

These outcomes were reported to CNEA in December 2018 for an annual report based on information available to Chamberlain University as of December 2018.

#### DEFINITIONS

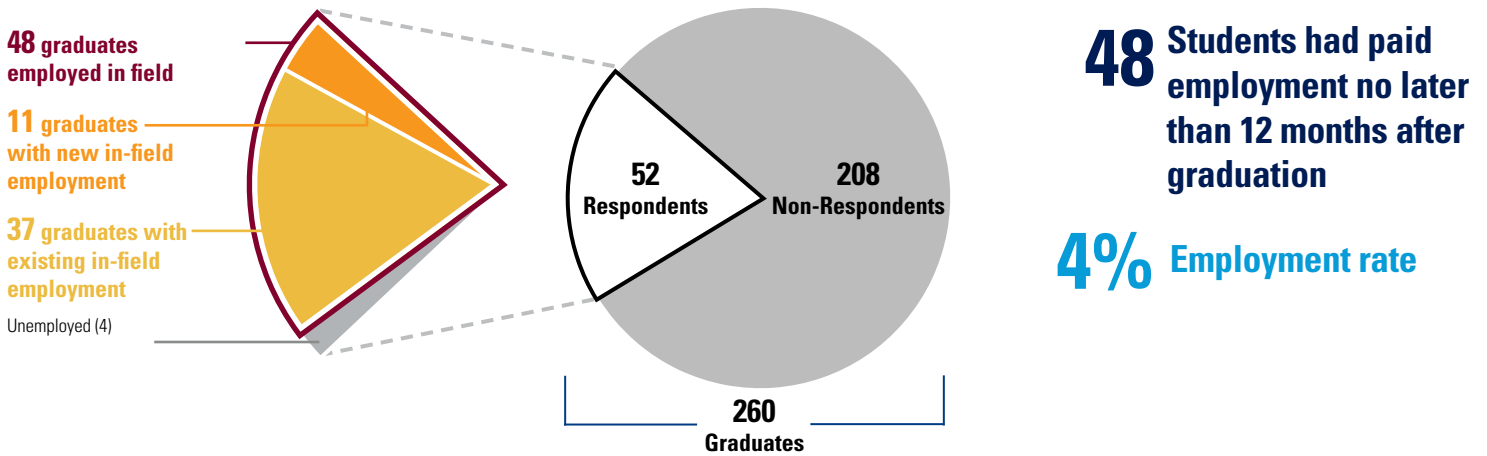

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- Employment rates were calculated:
  - According to the methodology prescribed by CNEA
  - By dividing the numerator by the denominator
- **Numerator** – all students in the denominator who obtained in-field employment no earlier than six (6) months prior to graduation and no longer than 12 months after graduation
- **Denominator** – all students who graduated between October 15, 2017 and October 15, 2018
- Chamberlain University provided supplemental information on the number of graduates who reported that they were employed in any paid position obtained at any point prior to graduation or within 12 months after graduation, and the number of graduates with unknown employment outcomes

Chamberlain University is required to report employment data to The National League for Nursing Commission for Nursing Education Accreditation (CNEA) in its annual report and periodically self-studies. Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### Doctor of Nursing Practice – Online

Graduates	Respondents	Non-Respondents	Graduates Employed in Field	Graduates with Existing In-Field Employment	Graduates with New In-Field Employment	Unemployed	Graduates With Paid Employment No Later Than 12 Months After Graduation	Employment Rate
260	52	208	48	37	11	4	48	4%

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### ARIZONA STATE BOARD FOR PRIVATE POSTSECONDARY EDUCATION

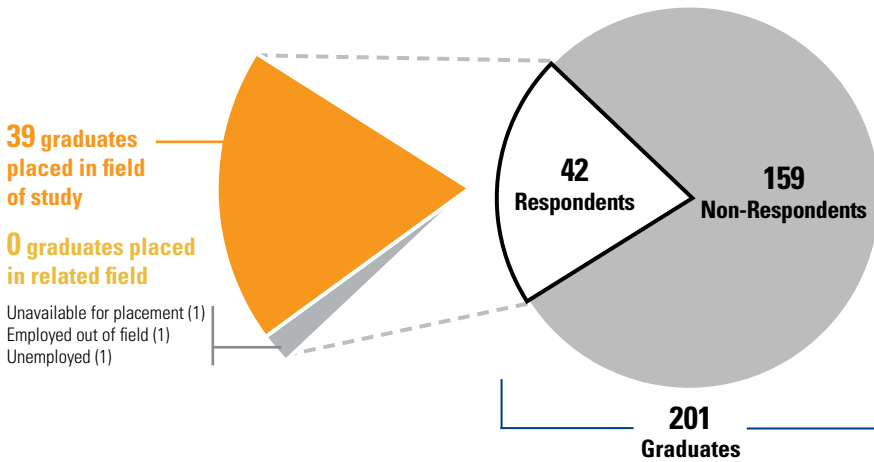

These outcomes were reported to AZ BPPE in November 2018 based on information available to Chamberlain University as of October 2018.

#### CALCULATIONS

- Arizona required only summary data for graduates, including:
  - Number of graduates
  - Number of graduates placed in field of study
  - Number of graduates placed in related field
  - Graduates that were not available for placement as defined by accreditor
- Data was reported for all students who graduated between July 1, 2017 and June 30, 2018
- In-field and out of field employment counts include all graduates who obtained new or existing employment

**Chamberlain University is required to report employment data to the Arizona State Board for Private Postsecondary Education. Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.**

### Bachelor of Science in Nursing (BSN) – Phoenix Campus

201	42	159	39	0	1	1	1

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### GEORGIA NONPUBLIC POSTSECONDARY EDUCATION COMMISSION (GNPEC)

These outcomes were reported to GNPEC in September 2018 based on information available to Chamberlain University as of September 2018.

#### DEFINITIONS

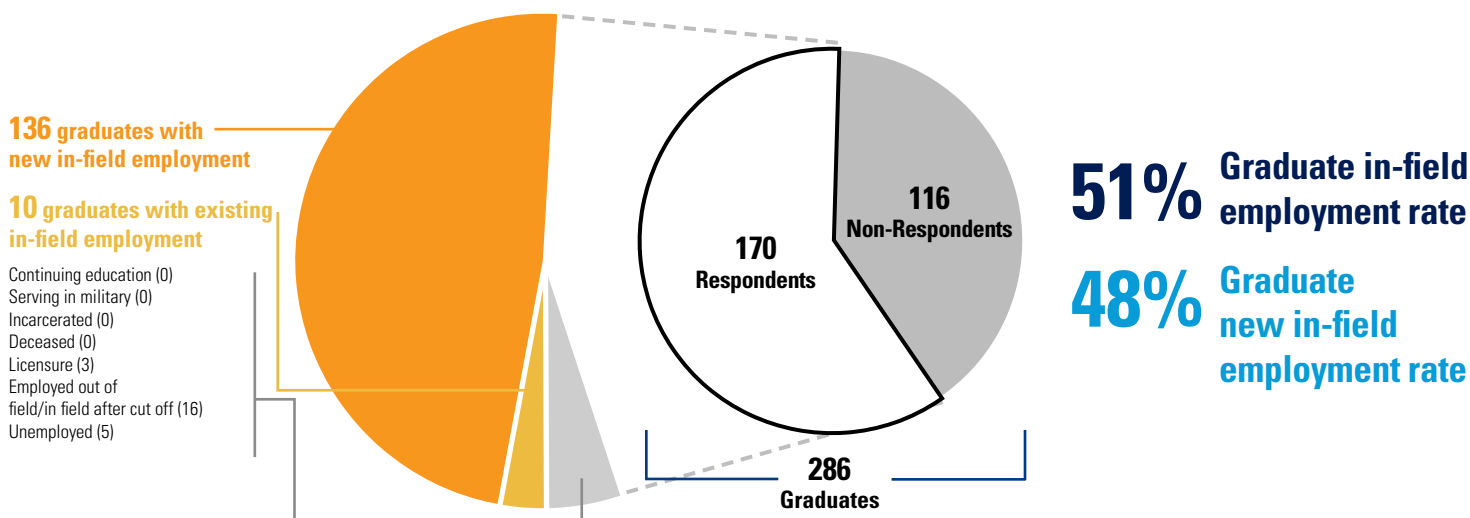

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- GNPEC did not define a placement rate methodology. Chamberlain University’s methodology was used.
- The employment rate was calculated by driving the numerator by the denominator
- **Numerator** – all students in the denominator who were employed in an occupation for which they were trained by the program by December 1, 2017
- **Denominator** – all students who graduated between September 1, 2016 and August 31, 2017, except those who entered another post-secondary education program or the military full-time, were incarcerated or died

Chamberlain University is required to report employment data to Georgia Nonpublic Postsecondary Education Commission (GNPEC). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### INDIANA BOARD FOR PROPRIETARY EDUCATION (IBPE)

These outcomes were reported to IBPE in August 2018 based on information available to Chamberlain University as of August 2018.

#### DEFINITIONS

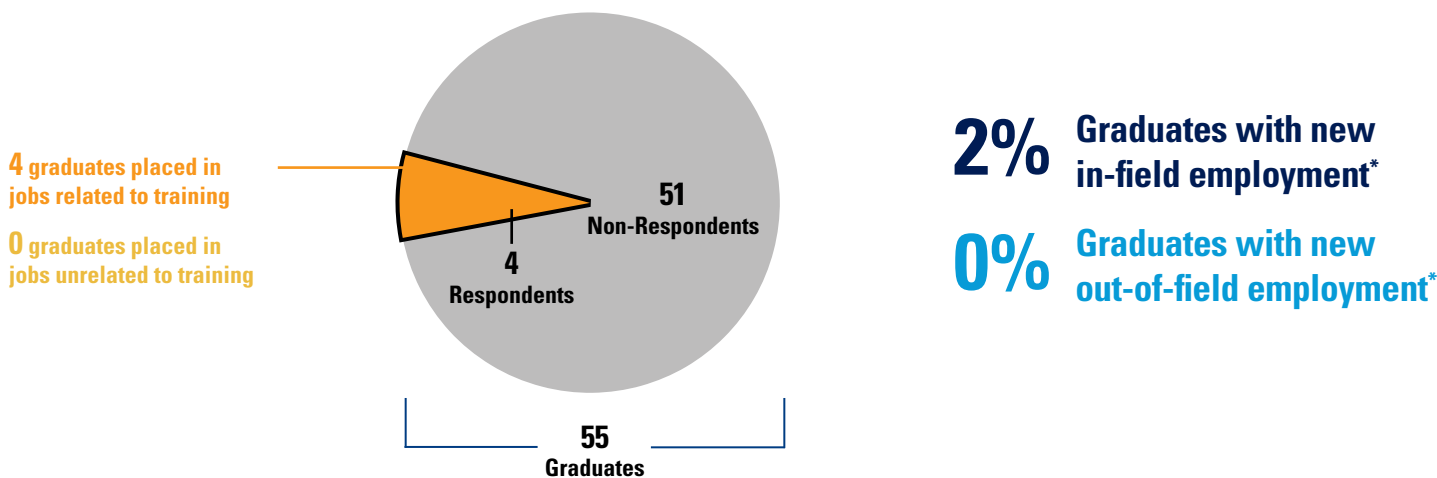

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- IBPE required only summary data for graduates (e.g., number of graduates number of graduates placed in jobs related to training and number of graduates placed in jobs unrelated to training)
- Placement rates were reported as supplementary information
- The data were reported for all students who graduated between July 1, 2017 and June 30, 2018
- In-field and out-of-field employment counts include all graduates who obtained new or existing employment
- The placement rate is the percentage of graduates who obtained new employment, in-field or out-of-field, no earlier-than six (6) months prior to graduation or any time after graduation

Chamberlain University is required to report employment data to Indiana Board for Proprietary Education (IBPE). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### Bachelor of Science in Nursing (BSN) – Indianapolis Campus

Graduates	Respondents	Non-Respondents	Graduates Placed in Jobs Related to Training	Graduates Placed in Jobs Unrelated to Training	Percentage of Graduates with New In-Field Employment*	Percentage of Graduates With New Out-of-Field Employment*	License Requirement for Employment upon Completion. Specify Agency Name (Organization, Federal, State of Indiana, etc.)
55	4	51	4	0	2%	0%	RN License – Indiana State Board of Nursing

\* New Employment, both in-field and out-of-field, is employment obtained no earlier than six months prior to graduation. Alumni are surveyed for employment status six months after graduation. Employment status is unknown for 53% of graduates who have not been surveyed or were unresponsive as of August 29, 2017.

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### MISSOURI COORDINATING BOARD FOR HIGHER EDUCATION (CBHE)

These outcomes were reported to CBHE in April 2019.

#### DEFINITIONS

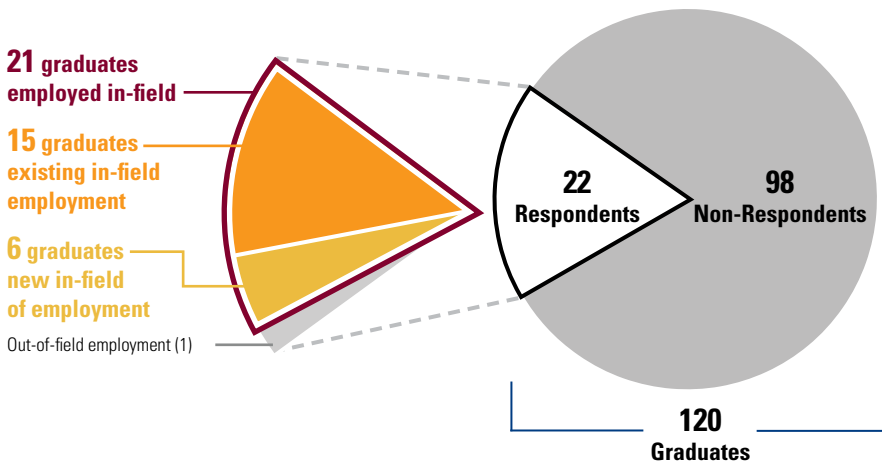

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- CBHE did not define a placement rate methodology so Chamberlain University's methodology was used
- The employment rate was calculated by dividing the numerator by the denominator
- **Numerator** – all students in the denominator who were employed in an occupation for which they were trained by the program within 12 months of graduation or at any time prior to graduating
- **Denominator** – all students who graduated between September 9, 2017 and August 31, 2018, except these who entered another post-secondary education program or the military full-time, were incarcerated or died

Chamberlain University is required to report employment data to Missouri Coordinating Board for Higher Education (CBHE). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### All Graduates – St. Louis Campus

**12%** All graduates obtained new in-field employment no earlier than six months prior to graduation and no later than 12 months post graduation. As of March 28, 2019 employment outcome was unknown for 82% of all graduates.

Graduates	Respondents	Non-Respondents	Graduates Employed In Field	Existing In-Field Employment	New In-Field Employment	New in-Field Employment by Cutoff	Continuing Education	Serving in Military	Incarcerated	Deceased	Out-of-Field Employment	Percentage of Available Graduates With In-Field Employment

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### NEVADA COMMISSION ON POSTSECONDARY EDUCATION

These outcomes were reported to in April 2019 based on information available to Chamberlain University as of March 2019.

#### DEFINITIONS

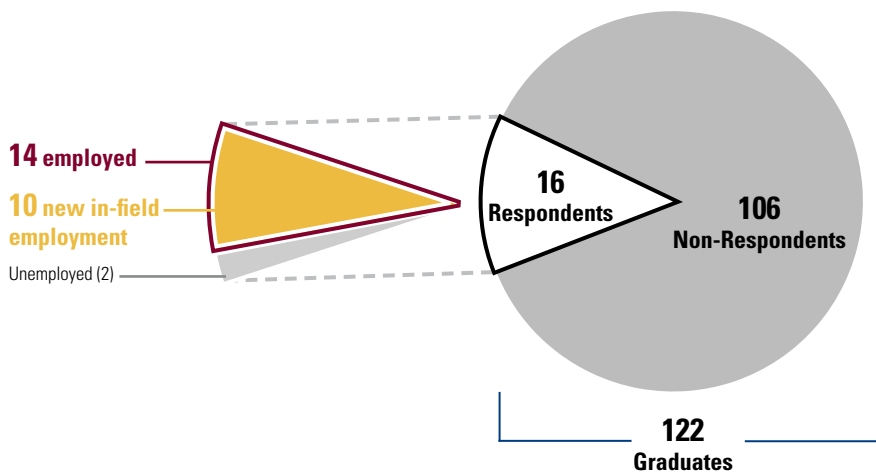

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- Nevada required summary date for graduates (e.g., number of graduates, number of employed graduates)
- The date was reported for all students who graduated between January 1, 2018 and December 31, 2018
- New in-field employment and unemployed were reported as supplementary information

Chamberlain University is required to report an employment rate to the Nevada Commission on Postsecondary Education. Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### Bachelor of Science in Nursing (BSN) – Las Vegas Campus

Graduates	Respondents	Non-Respondents	Employed	New In-Field Employment	Unemployed

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### NEVADA STATE BOARD OF NURSING

These outcomes were reported to NSBON in January 2019 based on information available to Chamberlain University at the time.

#### DEFINITIONS

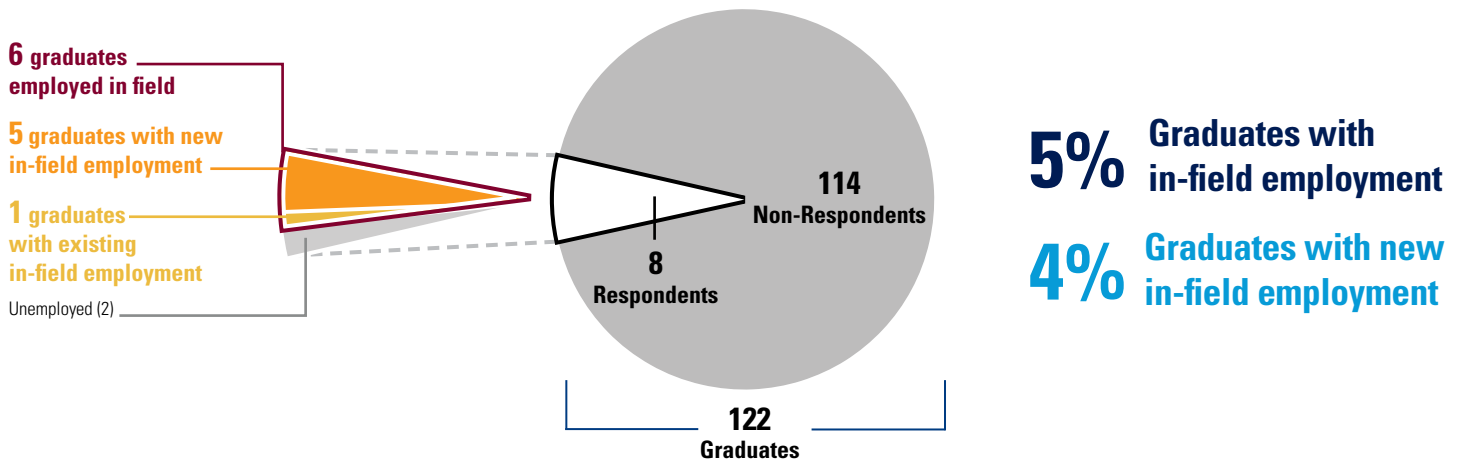

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- NSBON did not define a placement rate methodology. Chamberlain University’s methodology was used.
- Employment rates were calculated:
  - By dividing the rate numerator by the rate denominator
- **Numerator** – all students in the denominator who were employed in an occupation for which they were trained by the program within 12 months of graduation or anytime prior to graduating
- **Denominator** – all students who graduated between January 1, 2018 and December 31, 2018 except those who entered another post-secondary education program or the military full-time, were incarcerated or died

Chamberlain University is required to report employment data to the Nevada State Board of Nursing (NSBON). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### Bachelor of Science in Nursing (BSN) – Las Vegas Campus

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### NEW JERSEY COLLABORATING CENTER FOR NURSING (NJCCN)

These outcomes were reported to NJCCN in February 2019 based on information available to Chamberlain University as of February 2019.

#### DEFINITIONS

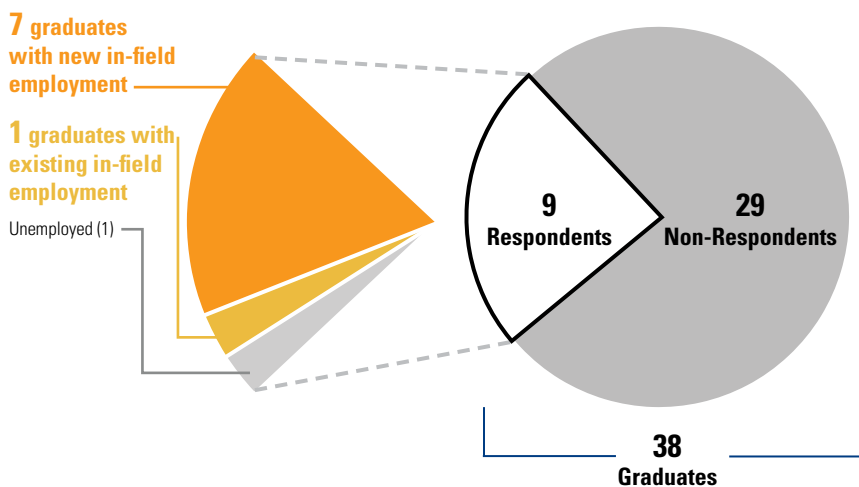

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- Employment rates were calculated:
  - According to the methodology prescribed by NJCCN
  - By dividing the rate numerator by the rate denominator
- **Numerator** – all students in the denominator with new in-field employment obtained during the time period specified
- **Denominator** – all students who graduated between September 1, 2017 and August 31, 2018

Chamberlain University is required to report employment data to New Jersey Collaborating Center for Nursing (NJCCN). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### Bachelor of Science in Nursing (BSN) – North Brunswick Campus

**7.9%** Graduates with new in-field employment 0-3 months after graduation

38	9	29	7	1	1	7.9%	10.5%	0%	0%	76.3%

\* Existing in-field employment was not counted.

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### NEW MEXICO HIGHER EDUCATION DEPARTMENT, DIVISION OF PRIVATE POSTSECONDARY SCHOOLS (NM HED)

These outcomes were reported to NM HED in November 2018 based on information available to Chamberlain University as of October 2018.

#### DEFINITIONS

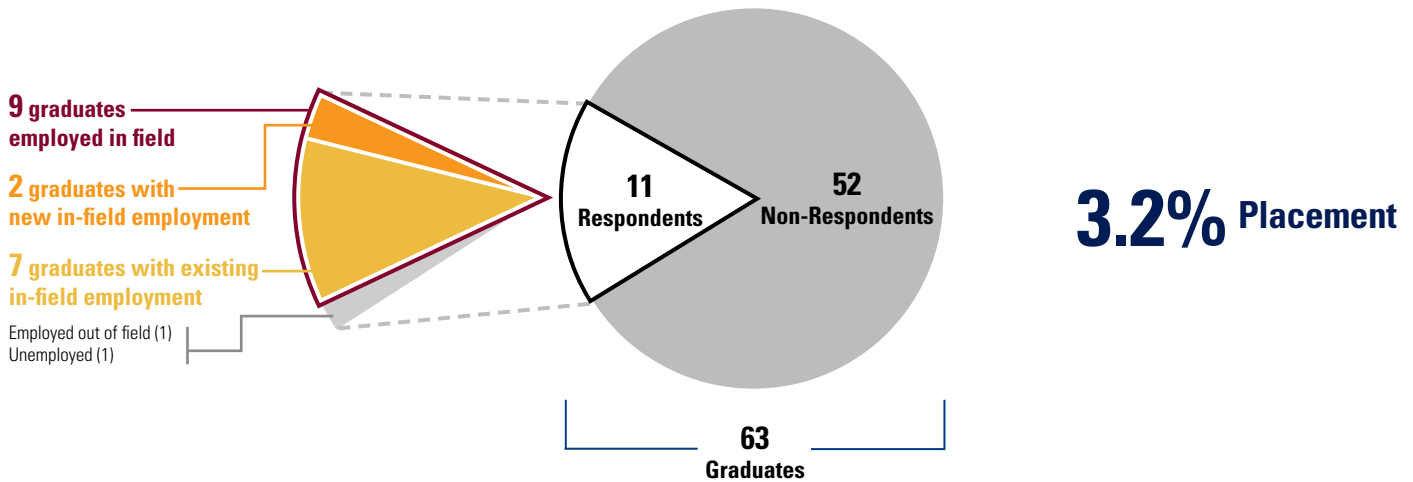

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- Employment rates were calculated:
  - According to the methodology prescribed by NM HED
  - By dividing the numerator by the denominator
- **Numerator** – all students in the denominator who obtained new in-field employment within six months of completing the program
- **Denominator** – all students who graduated between July 1, 2017 and June 30, 2018 minus the number of graduates who died, became incarcerated, were called to active duty military, were international students who left the U.S. or did not have a visa allowing employment in the U.S. or are continuing their education in an accredited or private postsecondary institution

Chamberlain University is required to report employment data to New Mexico Higher Education Department, Division of Private Postsecondary Schools (NM HED). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

### NORTH CAROLINA BOARD OF GOVERNORS (NCBOG)

These outcomes were reported to NCBOG in October 2018.

#### DEFINITIONS

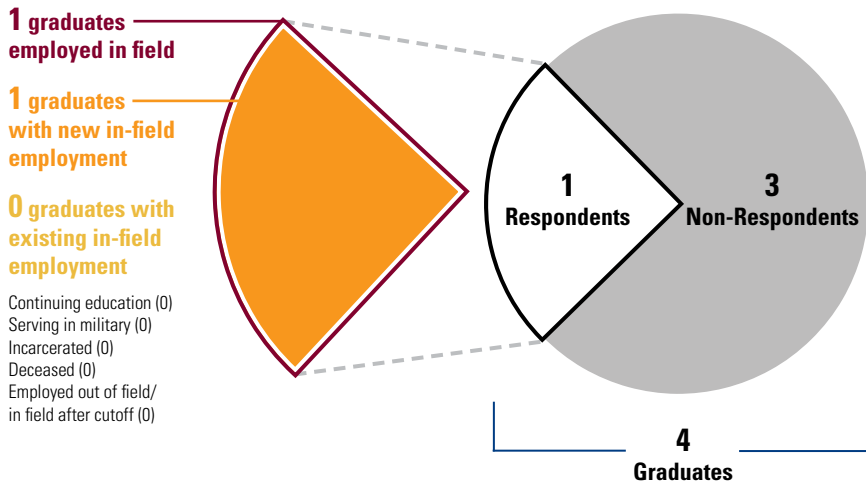

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- NCBOG did not define a placement rate methodology
- Chamberlain University’s methodology was used
- The employment rate was calculated by dividing the numerator by the denominator
- **Numerator** – all students with the denominator who were employed in an occupation for which they were trained by the program by December 1, 2017 or at any time prior to graduation
- **Denominator** – all students who graduated between September 9, 2016 and August 31, 2017, except those who entered another post-secondary education program, the military full-time, were incarcerated or died

Chamberlain University is required to report employment data to North Carolina Board of Governors (NCBOG). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### TENNESSEE HIGHER EDUCATION COMMISSION (THEC)

These outcomes were reported to THEC in December 2018 based on information available to Chamberlain University at the time.

#### DEFINITIONS

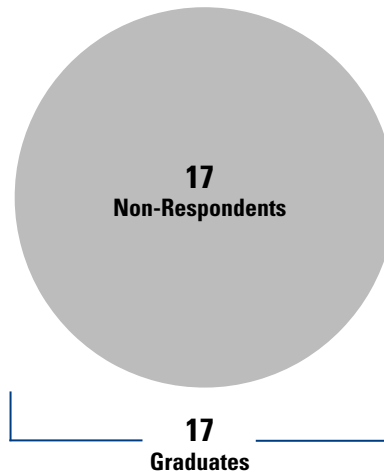

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- The reported student-level data was aggregated by location, program and concentration (as licensed by THEC) then summarized in the Employment Outcome Data that follows
- The graduate outcome status was determined according to a methodology prescribed by THEC
- The employment outcome status as of December 2018 was reported for all students who graduated between July 1, 2018 and June 30, 2019
- Graduates who obtained in-field employment at the time of submission or any time prior to graduation are reported as employed
- Additional outcome statuses are reported to THEC for those who enter another post-secondary education program or the military full-time, have a health related situation, family emergency, are deceased or incarcerated, have their job relocated, are pending fulfillment of licensure requirements, international and unable to work by law, or refused employment/could not be contacted

Chamberlain University is required to report employment data to Tennessee Higher Education Commission (THEC). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.

## EMPLOYMENT OUTCOMES REPORTED TO STATES

### WYOMING BOARD OF NURSING (WY BON)

These outcomes were reported to WY BON in November 2018 based on information available to Chamberlain University as of September 2018.

#### DEFINITIONS

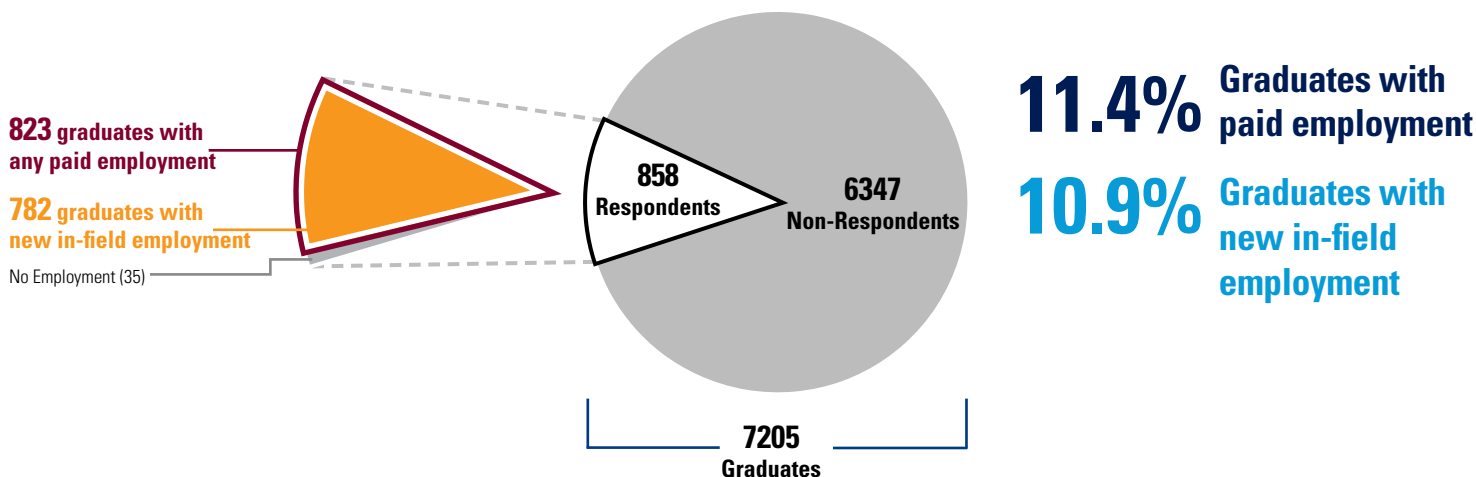

- **New Employment** – employment obtained no earlier than six (6) months prior to graduation
- **Existing Employment** – employment that existed at the time of enrollment or was obtained more than six (6) months prior to graduation

#### CALCULATIONS

- Employment rates were calculated:
  - According to the methodology prescribed by WY BON
  - By dividing the rate numerator by the rate denominator
- **Numerator** – all graduates who reported they were employed in a paid position, either new or existing
- **Denominator** – all students who graduated between July 1, 2017 and June 30, 2018

Chamberlain University is required to report employment data to Wyoming Board of Nursing (WY BON). Chamberlain University does not guarantee employment. Readers should not make assumptions about their own likelihood of employment based on this data.
