

PRE-LICENSURE BACHELOR OF SCIENCE IN NURSING (BSN) DEGREE PROGRAM – MILITARY TO BSN OPTION

122 CREDIT HOURS

ABOUT THIS DEGREE PROGRAM

Building on current knowledge and skills acquired through the military specialist's education and experience and to incorporate nursing knowledge, Military to BSN Option students are awarded proficiency credit (10 nursing and 3 liberal arts and science) through the Chamberlain College Military Articulation Plan (CMAP). Proficiency credits are awarded upon successful completion of the military specific courses (NR-110, NR-295 and NR-299). After earning CMAP proficiency credit, students enrolled in the Military to BSN Option continue in the BSN degree program plan of study in the same sequence as non-military pre-licensure BSN students.

The Chamberlain **Bachelor of Science in Nursing (BSN)** degree program prepares graduates to provide safe, comprehensive, professional nursing care across the lifespan to individuals, families, aggregates and communities in global societies. Professional nursing care incorporates evidence-based principles, sciences and critical reasoning and judgment in the development of responses to real or perceived healthcare needs.

The BSN graduate possesses the necessary knowledge and core competencies to meet the challenges of a dynamic and evolving profession in the 21st century. The BSN degree program provides the foundation for graduate study and beginning scholarship, encourages service to the profession and community and supports the concept of lifelong learning.

BSN graduates are eligible to apply to take the NCLEX-RN®.* Graduates must apply to take the NCLEX-RN by submitting all application materials to the state board of nursing in the state in which they wish to become licensed.

* Completion of a nursing program does not guarantee the graduate's ability to take the NCLEX-RN. Authorization to take the NCLEX-RN rests solely with the state Board of Nursing.

NOTE: Graduates planning to take the NCLEX-RN exam in another state are responsible for contacting the appropriate state board of nursing to obtain application materials.

LIBERAL ARTS & SCIENCES

The BSN nursing curriculum prepares the graduate for the practice of professional nursing. This is accomplished through an integration of theoretical knowledge, psychomotor skill acquisition and development of clinical judgment/reasoning. The curriculum integrates professional, ethical and legal standards with decision-making, problem-solving and leadership development. The curriculum is designed to promote lifelong learning among the graduates.

For many students, the first year of the program focuses on liberal arts and sciences; however, given individual transferred coursework, program plans vary. The majority of nursing coursework occurs in the second and third years. Significant clinical practice and SIMCARE CENTER™ hours are planned throughout the degree program to allow students to apply and synthesize content and concepts learned.

CORE-DEGREE COURSEWORK

Degree: Bachelor of Science in Nursing | Semesters: 6 Full Time

A total of 122 credits will be earned through course transfer, course completion and proficiency credits (56 nursing, 30 liberal arts and sciences, 23 pre-admission transfer credits, 10 nursing proficiency, 3 liberal arts proficiency).

Courses required to be completed and transferred in prior to admission to the Military to BSN degree option are:

Course Area	Minimum Credit Hours
Pre-enrollment Credits	23
(a) BIOS-251	2
(b) BIOS-252	2
(c) BIOS-255	2
(d) BIOS-256	2
(e) CHEM-120	4
(f) BIOS-242	4
(g) MATH-114	4
(h) PSYC-110	3

* Program option availability varies by state/location.

** The State of Nevada requires students to meet its requirements for study of the Nevada and U.S. constitutions. The POLI-332 course fulfills this requirement.

*** In order to satisfy graduation requirements, elective courses may be added to the individual's plan of study. Contact your student service advisor for more information.

Course requirements for completion of the Military to BSN degree option are:

Course Area	Minimum Credit Hours
English & Communications	6
a) ENGL-117	3
b) ENGL-147	3
Mathematics	3
(a) MATH-399	3
Social Sciences	6
(a) SOCS-185	3
(b) PSYC-290	3
Humanities	15
(a) One of: HIST-405; HIST-410	3
(b) One of: HUMN-303; HUMN-451, LTRE-421, RELI-448	3
(c) PHIL-347	3
(d) ETHC-445	3
(e) POLI-330 or POLI-332** (Nevada campus only)	3
Electives***	***
(a) Any combination of the following elective courses: BUSN-115; COMP-100; ECON-312; ENGL-227; HIT-120; HIT-141; HSM-310; INT-351; MATH-325; MGMT-303; PSYC-305; PSYC-315; SCI-204; SOCS-315; SOCS-325; SOCS-335; SOCS-350

CAREERS IN NURSING

Registered Nurse (RN)

Nurse roles include, but are not limited to*: provider of care, designer/manager/coordinator of care and member of a profession.

Nursing generalist practice includes both direct and indirect patient care, which includes individuals, families, groups, communities and populations. Nursing practice is built on nursing knowledge, theory and research. In addition, nursing practice derives knowledge from a wide array of other fields and professions, adapting and applying this knowledge as appropriate to professional practice.

The fundamental aspects of generalist nursing practice are: direct care of the sick in and across all environments, health promotion and clinical prevention and population based healthcare. A defining feature of professional nursing practice is the focus on health promotion and risk reduction. Advances in science and technology will continue to emerge, which will help to predict future health problems. Nurses will design and implement measures to modify risk factors and promote healthy lifestyles. These same advances in science and technology also have allowed individuals to live longer and often with increasing numbers of chronic illnesses and conditions. With an increasing emphasis on cost savings and cost benefits, nurses will play a leading role in the provision of care.

Roles of the Baccalaureate General Nurse. (2008). *The Essentials of Baccalaureate Education in Professional Nursing Education*, 7-8.

* Some careers may require several years of experience in addition to educational credentials.

CAREER FOCUSED COURSEWORK

Nursing Courses	Credits
NR-110*: Pathways to Professional Nursing for Military	2
NR-228: Nutrition, Health & Wellness	2
NR-295*: Pathophysiology/Pharmacology for Military	4
NR-299*: Foundations of Clinical Practice for Military	5

NR-452: Capstone Course	3
CMAP*	13

* Specific for the Military to BSN option

KNOWLEDGE & SKILLS

The outcomes for the Bachelor of Science in Nursing (BSN) degree program are as follows:

1. Provides individualized comprehensive care based on theories and principles of nursing and related disciplines to individuals, families, aggregates and communities, from entry to the healthcare system through long-term planning.
2. Demonstrates leadership and collaboration with consumers and other healthcare providers in providing care and/or delegating responsibilities for health promotion, illness prevention, health restoration, health maintenance and rehabilitative activities.
3. Communicates effectively with patient populations and other healthcare providers in managing the healthcare of individuals, families, aggregates and communities.
4. Integrates clinical judgment in professional decision making and implementation of the nursing process.
5. Demonstrates responsibility for continued personal and professional development through enrollment in graduate education, continuing education degree programs, professional reading and participation in professional organizations and community service.
6. Implements professional nursing standards by practicing within the legal definitions of nursing practice and acts in accordance with the nursing code of ethics and American Nurses Association (ANA) standards of practice.
7. Practices in established professional roles consistent with entry-level BSN graduates to provide cost-effective, quality healthcare to consumers in structured and unstructured settings.
8. Incorporates evidence-based practice in the provision of professional nursing care to individuals, families, aggregates and communities.

Accreditation and State Authorizations & Registrations:

Chamberlain College of Nursing is accredited by The Higher Learning Commission (HLC, www.hlcommission.org). HLC is one of the eight regional agencies that accredit U.S. colleges and universities at the institutional level. The Bachelor of Science in Nursing degree program, the Master of Science in Nursing degree program and the Doctor of Nursing Practice degree program at Chamberlain College of Nursing are accredited by the Commission on Collegiate Nursing Education (CCNE, One Dupont Circle, NW, Suite 530, Washington, DC 20036, 202.887.6791). Accreditation provides assurance to the public and to prospective students that standards of quality have been met. For the most updated accreditation information, visit chamberlain.edu/accreditation.

Unresolved complaints may be reported to the Illinois Board of Higher Education through the online complaint system <http://complaints.ibhe.org/> or by mail to 1 N. Old State Capitol Plaza, Suite 333, Springfield, IL 62701-1377. Chamberlain College of Nursing is certified to operate by the State Council of Higher Education for Virginia, 101 N. 14th Street, 10th floor, James Monroe Building, Richmond VA 23219, 804.225.2600. Chamberlain College of Nursing is approved to operate by the Virginia Board of Nursing Perimeter Center, 9960 Mayland Drive, Suite 300, Henrico, VA 23233-1463, 804.367.4515. Chamberlain College of Nursing is authorized for operation by the THEC, <http://www.tn.gov/the>.
