IMPORTANT INFORMATION ABOUT THE MASTER OF SCIENCE IN NURSING DEGREE PROGRAM FAMILY NURSE PRACTITIONER (MSN/FNP) SPECIALTY TRACK “KNOW BEFORE YOU GO” FACT SHEET

How relevant is this information to me? The Know Before You Go Fact Sheet provides information about Chamberlain University and its Master of Science In Nursing Degree Program Family Nurse Practitioner (MSN/FNP) Specialty Track, and information about U.S. colleges as a whole. Certain information, such as earnings outcomes, can be different depending on where you plan to live and your individual situation and experience. The Fact Sheet information is intended to help you compare some information about Chamberlain and its MSN/FNP program to other colleges as you think about your choices.

Information Sources

Total program costs is the total tuition, fees and average estimated textbook and equipment expense for a student attending full-time who takes and passes every course currently required by the program at Chamberlain a single time at the current tuition rate.

Median tuition, books and fees paid is the median amount paid to Chamberlain by students using Title IV aid who graduated from this program within the normal program length who started in the 2013-14 academic year. This amount is different than the total program costs and may be different for each student because students may transfer credits from other colleges, repeat courses that are not passed the first time or choose the MSN/FNP program after first choosing other programs at Chamberlain.

Median student loan debt is the median total debt (federal, private and institutional loans) of students using Title IV aid who completed this program within the normal program length and started in the 2013-14 academic year.

The median earnings 10 years after entering college (Chamberlain or all 4-year schools) is calculated or compiled and reported by the U.S. Department of Education as part of the College Scorecard available at: <https://collegescorecard.ed.gov/>. Numbers reflect the CY 2013 and CY 2014 earnings (inflation-adjusted to 2016 dollars) for students entering the school in 2002-2003 and 2003-2004. The amount is the median earnings of students who are working and not enrolled 10 years after entry. THIS DOCUMENT DOES NOT GUARANTEE EMPLOYMENT OR A CERTAIN SALARY RANGE.

Completion rate is the percentage of students receiving Title IV federal student aid entering the MSN/FNP program for the first time during an academic year who completed the program within the published program length.

The loan default rate for the program is calculated by the institution and is based on the program of study for which the student was last enrolled before entering repayment. The default rate measures the percentage of students entering repayment in 2014 who defaulted on their loans within three (3) years.

Loan default rate is the percentage of borrowers (4 year U.S. Colleges and Chamberlain) entering repayment in 2014 who defaulted on their loans within three (3) years. The rate is provided by the U.S. Department of Education and can be found at <http://www2.ed.gov/offices/OSFAP/defaultmanagement/cdr.html>. In addition, a loan repayment rate for former Chamberlain students as well as those who attended other institutions can be found on the College Scorecard at <https://collegescorecard.ed.gov/>.
