What Will I Learn & Experience in My Studies?

Chamberlain Certificate Programs are designed to provide a pathway into new areas of specialization for nurses who already have a master’s degree in nursing. Chamberlain Certificate Programs are responsive to the call for nurses to be prepared in content areas critical to the future of the profession.

- Access to the same courses, content, instruction and assessment provided to students who are pursuing a MSN degree, but with a specialty concentration
- Focuses on population-level health, wellness, health promotion and disease prevention
- Incorporates critical population health skills such as community and population assessment; complex project/program management; disaster nursing, health services research and health policy analysis
- Designed to prepare future leaders for community and population health nursing with a focus on local, national and international nursing

What Services Will I Receive?

- Dedicated student service advisor to help plan coursework and develop a financial plan to pay for your education
- Online tutoring
- Chamberlain Care® Student Success Strategies on-demand modules covering time management, scholarly writing, study tips and more
- 24/7 access to our online library and database
- 24/7 access to the help desk
- Counseling, legal and financial planning services through the ASPIRE Student Assistance Program
- Career Services guides you through the career search process
- Complimentary membership in the Chamberlain University Alumni Association

Program Costs & Student Loans

| Total program costs for a student with no transfer credits is as follows: |
|-----------------|-----------------|
| Graduate Certificate in Population Health – $9,100 |
| Graduate Certificate in Population Health with Practicum – $13,620 |

NOT AVAILABLE

Median tuition, books and fees paid by 2018-19 graduates is unavailable because the program was either too new or the population too small

NOT AVAILABLE

Median student loan debt of 2018-19 graduates is unavailable because the program was either too new or the population too small

Earnings Outcomes

The median annual earnings of individuals who received federal financial aid during their studies and completed an award in this field of study is unavailable because the program was either too new or the population was too small. To be included in the median earnings calculation, the individuals needed to be working and not enrolled in school during the year when earnings are measured. Median earnings are measured in the first full year after the student completed their award.

NOT AVAILABLE

Completion Rates

The percentage of students receiving federal student aid starting the Graduate Certificate in Population Health in the 2017-18 academic year who completed their program within the published program length is unavailable because the program was either too new or the population too small

NOT AVAILABLE

Loan Default Rates

The percentage of students who attended the Chamberlain Graduate Certificate in Population Health program and received student loans and entered repayment in the year ending 9/30/2017 defaulted on their student loans is unavailable because the program was either too new or the population too small

3.4%

3.4 percent of students who attended Chamberlain and received federal student loans and entered repayment in the year ending 9/30/2017 defaulted on their student loans

7.8%

7.8 percent of students who attended any 4-year U.S. college and received federal student loans who entered repayment in the year ending 9/30/2017 defaulted on their student loans.

IMPORTANT INFORMATION ABOUT THE
GRADUATE CERTIFICATE IN POPULATION HEALTH
“KNOW BEFORE YOU GO” FACT SHEET

How relevant is this information to me? The Know Before You Go Fact Sheet, provides information about Chamberlain University and its Graduate Certificate in Population Health and information about U.S. colleges as a whole. Certain information, such as earnings outcomes, can be different depending on where you plan to live and your individual situation and experience. The Fact Sheet information is intended to help you compare some information about Chamberlain and its Graduate Certificate in Population Health program to other colleges as you think about your choices.

Information Sources

Total program costs is the total tuition, fees and average estimated textbook and equipment expense for a student attending full-time who takes and passes every course currently required by the program at Chamberlain a single time at 2020-21 tuition rates.

Median tuition, books and fees paid is the median amount paid to Chamberlain by students who graduated from this program in the 2018-19 academic year. This amount is different than the total program costs and may be different for each student because students may transfer credits from other colleges, repeat courses that are not passed the first time or choose the Graduate Certificate in Population Health program after first choosing other programs at Chamberlain.

Median student loan debt is the median total debt (federal, private and institutional loans) of students who completed this program in the 2018-19 academic year.

The median earnings one year after graduation is calculated or compiled and reported by the U.S. Department of Education as part of the College Scorecard available at: https://collegescorecard.ed.gov/. THIS DOCUMENT DOES NOT GUARANTEE EMPLOYMENT OR A CERTAIN SALARY RANGE.

Completion rate is the percentage of students entering the Graduate Certificate in Population Health program for the first time during an academic year who completed the program within the published program length.

The loan default rate for the program is calculated by the institution and is based on the program of study for which the student was last enrolled before entering repayment. The default rate measures the percentage of students entering repayment in the year ending 9/30/2017 who defaulted on their loans within three years.

Loan default rate is the percentage of borrowers entering repayment in the year ending 9/30/2017 who defaulted on their loans within three years. The rate is provided by the U.S. Department of Education and can be found at http://www2.ed.gov/offices/OSFAP/defaultmanagement/cdr.html.
